## PERSONAL PROFILE

A passionate and hardworking third year computer science student at Lancaster University. Seeking a graduate role in software engineering to further develop my skills in a practical environment whilst making a positive contribution to the organisation.

## SKILLS

PROGRAMMING	PERSONAL	TECHNOLOGIES	LANGUAGES
Java	Teamwork	React.js	English
JavaScript	Problem-Solving	Swing (Java)	Ukrainian
HTML/CSS	Communication	Git	Russian
C	Time Management		
SQL	Critical Thinking		

## PROJECTS

### CSPPT (COMPUTER SCIENCE POWERPOINT)

- Developed a PowerPoint application with unique computer science features like live in presentation coding and software engineering graphs for a group project
- Created using Java and the Swing library (for the GUI) with JSON for the saving of the PowerPoint files, whilst using GitLab for version control
- Required strong collaboration, time management, communication skills and work ethic to complete the project
- Solidified my use and understanding of object-oriented programming (OOP)

### PORTFOLIO WEBSITE (KYRYLO.UK)

- Created a portfolio website that imitates the Linux desktop or a IOS device depending on the screen size
- Used JavaScript and the React.js library for the front-end
- Required creativity and strong designing skills to create a completely unique website

### DATABASE PROJECT

- Created a full-stack website that stores the persons read books on a database
- Used HTML and CSS for the front-end and PHP for the backend with a MySQL database

## EDUCATION

### Lancaster University (2022-2025)

BSc Hons Computer Science:

- **Grade:** first-class (predicted)

### Northgate Sixth form (2020-2022)

A-Level:

- Maths, Physics, Economics, EPQ

## VOLUNTEERING

### HELP DELIVER AID TO UKRAINE (2022-current)

#### **Volunteer and team leader**

- I was part of and managed a team of volunteers tasked with packing lorries with humanitarian aid
- After 5 lorries of aid were sent Ukro-Saxons was setup and the team progressed to sending over 4x4 vehicles
- Had to have strong leadership and team working skills
- Additionally helped raise over £8000 for the charity by creating/running a social media which I used to promote the fundraiser

## INTERESTS

Volleyball (recreational league)	Video production (recording and editing)	Fitness
Travelling	Cars
